CONFERENCE & EXPO
HOUSTON 2020

OCTOBER 6TH - 7TH, 2020
George R. Brown Convention Center

OUR CHAIRMAN KERRY MILLEN INVITES YOU TO PRESENT AT THE HOSE + COUPLING WORLD AMERICAS CONFERENCE AND EXPO!

It is a great honor and privilege for me to assume the role of the Chairman for Hose + Coupling World Americas Conference & Expo 2020. Technology and innovation play a crucial role in the ever-evolving global marketplace. It drives us to design and manufacture innovative products that benefit both our customers and the environment.

Notably, in providing education, exhibits, and conferences, we are committed to providing efficient equipment that master sustainability.

Continuously improving our environmental health and safety (EHS) worldwide, including the reduction of greenhouse gas (GHG) emissions, plays a critical role in serving the needs of our commitment to sustainability by fostering excellence and quality in the field of design and engineering. Therefore, as the Chairman of Hose + Coupling World Americas 2020, I also commit to listening and responding to your needs and working closely with the committee and other industry professionals to provide high-quality learning opportunities for our guests and exhibitors at the Hose + Coupling World Americas 2020 event.

I would like to take this opportunity to thank our sponsors, KCI, and the Steering Committee for providing innovation, enthusiasm and a great program.

Regards,

Kerry Millen

HOSE + COUPLING WORLD

CONFERENCE & EXPO
HOUSTON 2020

OCTOBER 6TH – 7TH, 2020
George R. Brown Convention Center

The Hose + Coupling World Americas Conference Chairman, Vice Chairman and Steering Committee invite presentations to be made at the event on a wide variety of topics related to hoses, couplings, fittings and accessories in the industrial flow control industry.

Experts from all areas of the hose and coupling industry—including end users, EPCs, material experts, manufacturers and distributors—are encouraged to submit an abstract for a technical paper or discussion-based workshop to the Steering Committee for review. The Steering Committee will determine the best presentation style for a submitted abstract. You may be asked to present a paper, co-host a discussion-based workshop, or lead a keynote presentation during one of our interactive sessions.

Involved in developing an innovative new product? Do others frequently come to you for answers? We want to hear from you submit today!

PRESENT A PAPER OR POWERPOINT PRESENTATION

Hose and coupling experts are invited to submit an abstract for a detailed PowerPoint presentation that they would like to present during the conference. If you would like to present a paper or PowerPoint during the conference, please submit a 300-500 word abstract outlining the topic and material to Conference Coordinators, Angelica Pajkovic, at a.pajkovic@kci-world.com, and Catarina Muia, at c.muia@kci-world.com.

PARTICIPATE IN A DISCUSSION- BASED WORKSHOP

Join a panel of experts to ignite discussion and inspire debate in one of our discussion-based workshops. Workshops focus on a single theme or topic and are an integral part of the conference experience. While panelists are not required to prepare a formal paper, you must submit a 300-500 word abstract outlining the material you would like to cover during your portion of the workshop. Please submit to Conference Coordinators, Angelica Pajkovic, at a.pajkovic@kci-world.com, and Catarina Muia, at c.muia@kci-world.com.

IMPORTANT DETAILS:
